AHCCCS Functional Organizational Chart

Office of Managed Care (OMC)

- · Acute and LTC contract negotiation and compliance review
- · Eligibility quality control
- · Behavioral health program development and monitoring
- · Rate development for capitated plans and nursing homes
- · Encounter reporting and data validation
- FFS rate setting/DSH reimbursement
- Member fraud investigations
- · Member and provider surveys

Office of Medical Management (OMM)

- · Acute and LTC medical policy development
- Utilization management/quality management (UM/QM)
- FFS network development and program management
- Provider qualifications requirement
- · Liaison with contracted Health Plans and Program Contractors for clinical and quality issues
- · Liaison with medical organizations and societies
- Oversee QISMC

Office of Policy Analysis and Coordination (OPAC)

- · Federal and state legislative analysis and development
- · Agency policy analysis and review
- HCFA liaison and maintenance of State Plan
- Waiver submittal
- IHS/tribal coordination
- Policy committee
- Rules

Information Service Division (ISD)

- Automation planning
- Operations and systems analysis
- · Automated information systems development and maintenance
- · Systems testing
- · Local area network management
- · Communications network
- · Hardware and software requirements
- · System security
- · DOA data center interface

Office of the **Director** (OOD)

Policy direction and program monitoring

- ·Waiver negotiations
- Program integrity and fraud control
- •Eligibility and grievance hearings
- Public information
- ·Human resources
- AQI coordination
- Agency Strategic Plan
- ·Healthcare Group small business initiative
 - New product development

Division of Business and Finance (DBF)

- · Budget development and monitoring
- · Accounting/funds management
- · Contracting/purchasing
- · Provider registration and assistance
- · Third party liability
- · Facilities management/risk management
- Claims processing
- · Premium billing

Division of Member Services (DMS)

- · Eligibility determinations and enrollment for: ALTCS; SSI-MAO; KidsCare; and, Medicare costsharing programs.
- · Oversight of DES Medicaid eligibility functions
- Coordination of enrollment/roster data for health plans and program contractors
- · Maintain eligible member file
- · Call center to verify eligibility and enrollment
- · Client advocate/Member Service
- · Medicare and TPL file maintenance

Office of Legal Assistance (OLA)

- · Legal assistance and services to agency
- · Legal gatekeeper
- · Member, provider and contractor grievance investigation and resolution
- · Receipt and coordination of eligibility and grievance appeals
- · Oversight, review and approval of grievance procedures adopted by health plans and program contractors

TN. No. 00-013 Supercedes TN. No. 98-010 Descriptions and Functions of the Medical Assistance Unit

Description and Functions of the Office of Medical Management (Medical Assistance Unit)

Within AHCCCS, the Medical Assistance Unit is known as the Office of Medical Management (OMM). OMM's role is to facilitate the delivery of quality medical care delivery to the members and recipients by:

- Identifying, developing and evaluating indicators of quality;
- Formulating medical policy;
- Exercising medical interpretation; and
- Acting as a resource for technology assessment.

An organizational chart for OMM is provided at the end of this Attachment.

Professional medical personnel and administrative and support staff for OMM are described in Attachment 1.2-C. OMM has organized its operation into distinct units, which are responsible for the following OMM functions:

1. Administration, including Clinical Research and Data Section (CR&D)

(a) Management and oversight of all Programs and Functions in OMM.

CR&D Section

- (b) Utilization management monitoring, including reinsurance review and utilization profiling (for example, overutilization and underutilization).
- (c) Data handling, analysis and reporting for utilization monitoring, performance measures, quality indicators, clinical studies, and medical audits.
- (d) Coordination of data handling and analysis for medical audits, clinical studies, performance measures, and related projects.
- (e) Technical assistance to health plans, program contractors, and other external agencies.
- (f) Support of OMM and other AHCCCS divisions in meeting Agency strategic plan and reporting requirements.
- (g) On-going technical assistance and training of OMM Staff.

2. Clinical Services Management

- (a) Fee-for-service management, including prior authorization, concurrent and retrospective reviews for the Indian Health Service, and the Emergency Services Program.
- (b) Development, maintenance and oversight of comprehensive Case Management Program.
- (c) Care coordination for high-risk member populations and tracking/trending utilization and costs.
- (d) Grievances and appeals specific to prior authorization denials.
- (e) Oversight of Reinsurance Program.
- (f) Fee-for-service quality of care issue identification, monitoring, and referral.
- (g) Technical assistance to program contractors and tribal case managers.
- (h) Authorizations for special items such as environmental modifications.
- (i) Federal and State compliance, ALTCS Program, PASARR, and Nurse Aide Training and Competency Evaluation Program.
- (j) Coordination with the Arizona Department of Health Services on the status of licensure and certification of nursing facilities and Intermediate Care Facilities for the Mentally Retarded and distribution of information to Program Contractors and Health Plans.

3. Clinical Quality Management

- (a) Program and operational reviews to assess each health plan and program contractor's management of medical issues, including medical direction, quality management, utilization management, medical policy.
- (b) Continuous training, technical assistance and interface with each health plan and program contractor regarding refining and developing their quality management plan.
- (c) Program monitoring, including for Maternal Child Health, Family Planning, EPSDT, dental utilization, immunization, ALTCS, and adult health care.
- (d) Quality management development and analysis (e.g., utilization reports and performance indicators).
- (e) Monitoring implementation of corrective action plans and quality interventions.

Descriptions and Functions of the Medical Assistance Unit

- (f) Federal and state compliance related to EPSDT and maternal health and review of annual quality management plans.
- (g) Contract with external quality review agencies to conduct focused medical audits. Annual medical audits on select area of interest and quality management analysis of audit data.
- (h) Problem resolution, including individual quality of care issues for members, access to care, level of coverage, quality of coverage provided.
- (i) Review and implementation oversight of the Maternal Child Health, EPSDT, and ALTCS Quality Management plans.
- (j) Medical resource for the grievance and appeals process.

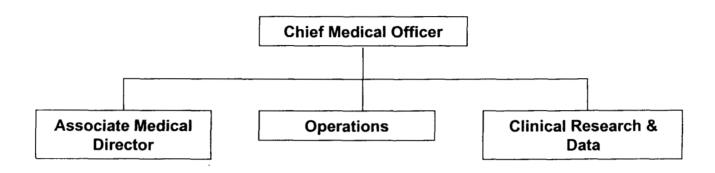

4. Medical Policy/Clinical Technology

- (a) Policy development, distribution, interpretation and evaluation.
- (b) Medical policy interpretation.
- (c) Rule development, distribution and evaluation.
- (d) Coordination of OMM-related legislative issues with the Office of Policy Analysis and Coordination.
- (e) Development and maintenance of the Clinical Technology program for AHCCCS.
- (f) Expert resource for Clinical Technology within AHCCCS and with contracted health plans.
- (g) Review and revise as needed the qualifications and standards for the registration of AHCCCS provider types.
- (h) Review and make recommendations to Executive Management regarding the addition or deletion of provider types.
- (i) Technical assistance and training for providers in using the AHCCCS Medical Policy Manual.
- (j) Advocacy and provider problem resolution related to medical policy or clinical technology.

Responsibility for Title XIX Eligibility Determinations

Title XIX eligibility determinations in Arizona are made by the:

- Arizona Department of Economic Security (DES);
- Social Security Administration (SSA); or
- AHCCCS.

In addition, each of the 15 Arizona Counties, while not directly making Title XIX eligibility determinations, assist with the eligibility process for select categories by collecting information and forwarding it to DES or AHCCCS as appropriate. Following is an explanation of the eligibility functions performed by each of these entities.

Arizona Department of Economic Security (DES)

Personnel in two DES divisions, the Division of Benefits and Medical Eligibility (DBME) and the Division of Children, Youth and Families (DCYF), perform Title XIX acute care eligibility determinations for persons who are categorically eligible for AHCCCS in accordance with state and federal statutes and regulations and the State Plan. An intergovernmental agreement (IGA) between AHCCCS and DES ensures that eligibility determinations are performed in compliance with federal and state requirements. The IGA is on file and available for review in the AHCCCS' Contracts office. An organizational chart of DES is included at the conclusion of this attachment. Two divisions within DES perform eligibility functions:

- The Division of Benefits and Medical Eligibility; and
- The Division of Children Youth and Families.

Division of Benefits and Medical Eligibility (DBME)

DBME is divided into three areas:

- Family Assistance Administration;
- Disability Determination Services Administration; and
- Office of Program Evaluation.

With the exception of foster care and adoption subsidy children, Title XIX eligibility determinations conducted by DES are performed by DBME personnel. Within DBME, Title XIX eligibility determinations are the responsibility of the Family Assistance Administration which provides statewide services in six geographic districts. Applications are processed, and eligibility determinations are completed by eligibility workers in approximately 87 local offices located throughout the state.

TN No. 00-013 Supersedes TN No. 98-010

Responsibility for Title XIX Eligibility Determinations

Division of Children Youth and Families (DCYF)

DCYF is divided into three parts:

- Finance and Business Operations;
- Children, Youth and Families Administration; and
- Comprehensive Medical and Dental Program.

DCYF staff in Finance and Business Operations conduct Title XIX eligibility determinations children in the foster care and adoption subsidy programs (Title IV-E and non Title IV-E).

Social Security Administration (SSA)

On a regular basis, SSA provides AHCCCS with information on individuals who are eligible or ineligible for SSI via the File Transfer Protocol. The IGA between AHCCCS and SSA, which provides for the transfer of eligibility information, is on file and available for review in the AHCCCS' Contracts office.

AHCCCS - Division of Member Services (DMS)

Eligibility for ALTCS services is determined by DMS staff in the ALTCS Eligibility Administration (AEA). AEA has 424 employees providing direct or support eligibility services, either in the Central Office or in one of the 16 field offices.

AEA is responsible for determining financial and medical (Preadmission screening-PAS) eligibility and for calculating the member's share of cost, which is the monthly amount a member is responsible for contributing toward their long term care. PAS is the process utilized by AHCCCS to determine medical eligibility (at risk of institutionalization) for the ALTCS program. The PAS tool compiles demographic, functional and medical information for each ALTCS applicant. Once it is determined that an applicant meets the financial eligibility criteria, a PAS is completed to determine medical eligibility. Applicants who meet both medical and financial eligibility criteria are determined Title XIX eligible and are enrolled with an ALTCS Program Contractor.

AEA also determines eligibility for the four Medicare Savings programs referred to in Arizona as the Medicare Cost Sharing programs. These programs include the:

- Qualified Medicare Beneficiary (QMB) program;
- Specified Low-Income Medicare Beneficiary (SLMB) program;
- Qualified Individual I (QI-I) program; and
- Qualified Individual II (QI-II) program.

TN No. <u>00-013</u>		183 IN MA	
Supersedes	Approval Date	, =	Effective Date October 1, 1998
TN No. 98-010			

Page 3

Responsibility for Title XIX Eligibility Determinations

Eligibility for SSI-MAO Members

Eligibility for SSI-MAO members includes:

- Members qualifying under the Pickle Amendment;
- Disabled Adult Children;
- Widow/widowers; and
- Disabled children who lost their SSI cash benefits due to changes in August 1996 in the disability criteria.

Arizona Counties

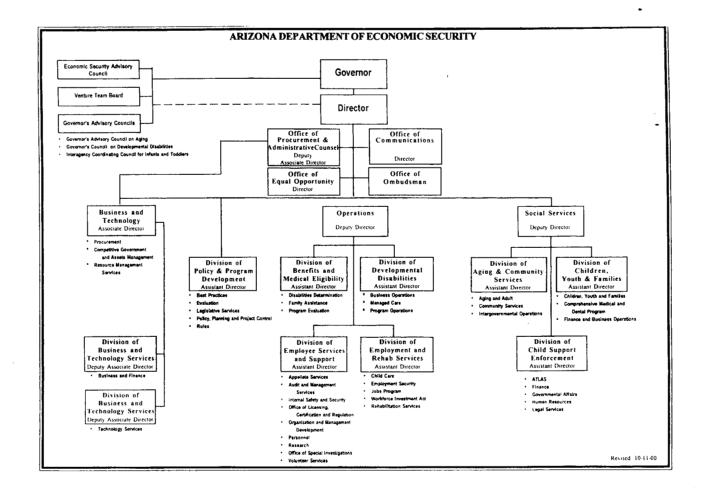

County employees do not conduct Title XIX eligibility determinations; rather, they indirectly assist in the process by collecting information and referring potential SOBRA Title XIX eligible persons to DES or AHCCCS and assisting persons in the completion of Title XIX applications for SOBRA coverage which are then forwarded to DES.

AHCCCS has three-way IGAs with DES and each of the 15 counties. These agreements specify the responsibilities of the three parties in processing applications for S.O.B.R.A. and other select eligibility groups. Copies of these IGAs are on file and available for review in the AHCCCS' Contracts office.

TN No. <u>00-013</u> Supersedes TN No. 98-010
